

What is your name? - Michael Glinos

What is your job title/course name? - MMedSci Speech and Language Therapy

When were you at Wade Deacon High School? - 2013 to 2018

What is your best memory from school? - The GCSE awards evening

In terms of careers, what do you wish you knew back then? - That higher education is the key to many different careers

What is your job/programme of study? - Part time support worker and studying a Master of Medical Science degree in Speech and Language Therapy at the University of Sheffield

Did you ever expect to have this career/next step towards a career? - Yes. Speech and Language Therapy has always been what I wanted to do

How did your studies help you to get into this career? - I followed the standard route of GCSE, A Level, undergraduate degree and now master's to get to the stage I am now

What advice would you give to Wade Deacon High students who want to go into this career? - Work really hard on your studies and focus on getting relevant experience in a healthcare setting. Be it volunteering with people who have communication difficulties or different age groups with speech, language or communication difficulties and needs.
